Announcement

To Brother Breeders, Greeting: In presenting you this catalogue I extend a cordial invitation to all lovers of good Short Horns to attend this sale and I am sure you will not be disappointed in the offering, as I am consigning my entire herd to this sale. While I do not consider this a dispersion sale but just a short retiring from the breeding business on account of the very dry season in 1910 and the severe drouth in 1911 and, having quite a herd of cattle on hand, my pastures have been eaten off very short and the dry hot weather has killed out most of the grass and having been unfortunate in getting more ground in shape for pasture, I concluded to sell my present herd, plow up the pasture and put it into corn. This being my reason for making this sale, after a few years or as soon as I can get more ground seeded down and in shape to handle more cattle, I expect to buy some more good Short Horn cows and go in the business again. Now I am offering you what I consider some of the best cattle known to the breed, which I would not sell had I the pasture to keep them on. You will find in this offering a lot of great breeding cows, either with calves at foot by Best of Goods or Hampton King, or in calf to Best of Goods or Roan Sultan and a number of very choice show heifers and the herd bull material. Also the herd bull Best of Goods, without any doubt the best living son of the champion Choice Goods. Best of Goods was successfully used at the head of Bellows Bros. herd and the top bulls at their 1911 sale were sired by him.

This sale will be held at the fair grounds, Malvern, Iowa, just adjoining the town of Malvern on the south.

Malvern is located about 30 miles southeast of Omaha and is on both the Burlington, running from Chicago to Denver, and on the Wabash from Omaha to St. Louis. No better town to get in and out of in the state.

All parties coming from a distance will be entertained at the Cottage Hotel. Freelunch. Sale commencing at 1 p. m., April, 10, 1912.

Auctioneers: Col. Geo. P. Bellows and J. L. Talbutt; Fred Durbin, Clerk.

Guarantee

Cows with calves at foot or well along in calf, no guarantee. Should any bull or heifer sold as a single lot, of breeding age, and not carried on in show condition and showed, fail to breed, may be returned to Emerson, Iowa, freight prepaid, and if, in our hands, they fail after a due trial to breed, your money will be refunded. All animals to be returned in as good condition as when sold. No guarantee on bulls let run at large with the herd.

Terms

Cash or bankable note drawing 8 per cent interest for 6 months will be taken. Those desiring time and not known to us please bring bank reference.

Remember, the sale will be held at the fair grounds, Malvern, Iowa, April 10, 1912, commencing at 1 p. m.

Best of Goods 262678—is without any doubt the best herd bull to be sold this year any place, he was used successfully in the Bellows Bros. herd for three years where he made himself a great reputation as a breeder, in October 1910, I purchased him of them to put at the head of my herd after having the misfortune to loose Hampton's Counsellor, and had I not been selling the entire herd I would not think of parting with him, as his work as a herd bull is fully up to my expectations, he has never been carried along in heavy show flesh as most of the good breeding bulls, but just kept in moderate breeding condition and is very active, a splendid server and a great breeder, and in just the prime of his life, anyone looking for something extra good to put at the head of their herd, should not over look him.

Lena Rivers 22981—is going in the sale a little thin, but she is a heavy milker and is hard to keep in high flesh while nursing a calf, but she is a breeder. One of her calves was junior champion heifer at Des Moines in 1909 in the Iowa class and afterwards sold to Cahill Bros. for \$350. We sold a yearling heifer in the sale last June out of her to Bellows Bros. for \$210. They afterwards sold her to go in one of the best show herds in Kansas. She has another heifer in the sale I think better than either of them and sells with bull calf at foot by Best of Goods, calved January 10, 1911.

Imp. Spleenwort—a red and white of April 9, 1881; bred by A. Cruickshank and imported by J. I. Davidson in 1882, is a splendid representative of Mr. Cruickshank's Secret family. Cruickshank's Orange Blossoms—are descended from Jessie by Sovereign. This family is from the same foundation as the Queen of Beauty's, coming through Queen of Scotland a daughter of Edith Fairfax by Sir Thomas Fairfax (5796) whose daughter Queen of the South was one of the greatest cows in her day in all Scotland. Mr. Marr's great bull William of Orange was of this noted Orange Blossom family, as was also the prize winner Imp. Orange Blossom 18th, sold in 1876 for \$3,500, and considered almost a model of perfection. She had much to do with bringing Scotch cattle into the popular favor they enjoy.

King's Lady 116768—is one of the neatest little heifers ever bred on the farm and I guess she has a right to be, her dam was a winner in several of the leading shows when a calf and the most of you know who her sire is, he was the top of last June sale and the best two year old bull last year, being good enough that Frank Harding has bought him to send to Argentina. While this heifer will be a little young, if she is carried on as she is going at present, she will do her share in the fall shows.

Hampton King 316734—was a winner at nearly all the leading shows in 1909 and 1910. He was first at the Iowa State Fair as a calf in the open show in 1909 and second at Kansas City in 1910. He never stood below third, most of the time, either first or second and two times grand champion, and in March, 1911, he was junior champion at Fort Worth, Texas. He is a bull with plenty of scale and a very thick, evenly fleshed bull with lots of quality. The Foxglove family has proved unusually prolific and valuable. They are great breeders, producing calves every year, easy keepers, all right in every way. Some of the most noted bulls of the breed will be seen in the above pedigree. That the family is held in high esteem by breeders is evidenced by the way its representatives sell, one 2-year-old heifer in 1904 bringing \$1,250.

Imp. Knuckle Duster 141674—chief stock bull at Springhurst, is an unusually smooth, well fleshed bull of rare quality. Although shown from the pasture without any fitting he was first as a 2-year-old at London in 1899, winning over the Toronto winners.

Imp. Royal Barmpton 94949—roan, bred by A. Cruickshank; sire Lord Lansdown, dam, Butterfly's Delight by Allen. Won numerous prizes, including first at the Provincial Show in 1875, and was probably the most successful sire of all the Cruickshank bulls imported into Canada.

Cruickshank's Orange Blossoms—are descended from Jessie by Sovereign. This family is from the same foundation as the Queen of Beauty's, coming through Queen of Scotland a daughter of Edith Fairfax by Sir Thomas Fairfax (5796) whose daughter Queen of the South was one of the greatest cows in her day in all Scotland. Mr. Marr's great bull William of Orange was of this noted Orange Blossom family, as was also the prize winner Imp. Orange Blossom 18th, sold in 1876 for \$3,500, and considered almost a model of perfection. She had much to do with bringing Scotch cattle into the popular favor they enjoy.

Hampton King 2d 359842—is one of the shortest legged thickest bulls I ever saw, has a great head, good spring of rib and like his sire very strong over the crop, a calf that should mature into a great herd bull.

Hampton King 316734—was a winner at nearly all the leading shows in 1909 and 1910. He was first at the Iowa State Fair as a calf in the open show in 1909 and second at Kansas City in 1910. He never stood below third, most of the time, either first or second and two times grand champion, and in March, 1911, he was junior champion at Fort Worth, Texas. He is a bull with plenty of scale and a very thick evenly fleshed bull with lots of quality. He weighed 1840 pounds in March at Fort Worth and should make a 2100 pound two-year-old by the Fall shows, and am in doubt if there will be a two-year-old out this year that will beat him in the show ring, and as a breeding bull he should make the best as it takes a bull with character to make a breeding bull and he sure has it. Mysie Hampton 2d 355689—is a very low downrugged bull and will grow into a very thick massive bull.

Imp. Mysie 36th—was a red cow, calved October 12, 1871; bred by Amos Cruickshank, Sittyton, Aberdeenshire, Scotland, and imported in 1873, by J. I. Davidson of Balsam, Ontario, who at one time was the largest importer of Cruickshank cattle in this country. Sanders' History says: "From 1881 to 1887 Mr. Davidson had practically a monopoly of the handling of such stock as Mr. Cruickshank could spare for the American trade, and he imported many massive, thick-fleshed, wide-bodied, short-legged specimens of the Aberdeenshire type."

Dew Drop 3d 92742—was sold in my last June sale for \$300, but shortly after the sale it was discovered that she was in calf to a catch service. We kept her in the herd as she was only a junior yearling. Her calf was dropped in the early part of September and being very weak it only lived a few days. We showed her at Chicago in the Short Horn dairy contest for cows under three years old, there being seven in the class, all being right up to three years of age, where she won second place, only being 20 months of age. Her dam is a very heavy milker and a great producer. I think more of this family than many of my Scotch cattle. Do not overlook the Dew Drops in this sale.

Good Show Prospects.

I am also selling two grade Short-Horn Steers—one a September yearling and the other a September calf, which I think are good show prospects. They are full brothers to Jack, the steer that I showed as a calf in 1910 at the leading Western Shows, winning 6 firsts, 1 second and 1 third, in 8 shows. Last year he was shown by C. A. Saunders, who won a Blue Ribbon on him every time he was shown.

G. H. WHITE, Emerson, Iowa.

Barred Plymouth Rocks.

I have on hand a very choice flock of Barred Plymouth Rock Chickens. I have been breeding them for 13 years, and have always selected the very choicest Cockerels I could buy to head the flock. They are strictly farm raised, having plenty of outdoor range.

EGGS AND COCKERELS FOR SALE.

Eggs, per setting, 50 cents, when taken at the farm. When packed and shipped, 75 cents.

Cockerels for sale in season.
